Technical Skills

JavaScript (ES6/ES7), Node.js, Express.js, React/React-Redux, Axios/AJAX, SQL/PostgreSQL, Sequelize, Socket.IO, HTML5, CSS3, SASS, Bootstrap, jQuery, Ruby, Adobe Photoshop, Git, Mocha/Chai, WordPress

Projects

COQUILL | DEVELOPER/DESIGNER | COQUILL-E559A.FIREBASEAPP.COM

- A web app for collaborative screenwriting implemented with Firebase's real-time database
- Worked on rendering real-time changes to the screenplay and storing the screenplay structure in the Redux store via Immutable.js

BORG PET CO | DEVELOPER | BORGPETCO.HEROKUAPP.COM

- An ecommerce site that "sells" robot pets, with full shopping cart functionality
- Designed and implemented a user homepage (account details, order history) and helped to implement a checkout flow via Stripe

SCRAPPY NOTES | SOLO DEVELOPER/DESIGNER | SCRAPPY-NOTES.HEROKUAPP.COM

- A web app for organizing screenshots with customized notes, with images stored using Amazon S3

Professional Experience

SALES ASSISTANT | MACMILLAN PUBLISHERS | NOV. 2015 – JUN. 2017

- Managed author appearance orders to schools and libraries and increased sales by approximately \$11,700
- Worked closely with the managers of the educational wholesaler and online retailer channels to provide support with customer-service-related issues

BUSINESS DEVELOPMENT AND MARKETING INTERN | MELCHER MEDIA | JUN. 2014 – AUG. 2014

- Helped to design and implement the first ever Future of StoryTelling conference app with a team of interns
- Contributed articles to the Future of StoryTelling blog on innovative techniques in branding/marketing and immersive storytelling
